

REMARKS

Claim Rejections

Claims 1-3 are rejected under 35 U.S.C. § 112, second paragraph. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. § 112, second paragraph, as set forth in the outstanding Office Action. Claims 2-3 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. § 112, second paragraph, as set forth in the outstanding Office Action and to include all of the limitations of the base claim and any intervening claims.

Drawings

The Examiner has objected to the drawings under 37 C.F.R. § 1.84(p)(5) insofar as reference numbers "32" and "22" were not shown in the drawings. Applicant respectfully notes that reference number 22 is shown in Figures 6, 8 and 9 as originally filed with this application. Reference number "32" in the specification has been changed to read --22--. Since reference number "22" is shown in Applicant's figures, it is not believed that any drawing corrections are necessary.

Amendments to Specification

Applicant has amended the specification as noted above to change reference number "32" to read --22--. No "new matter" has been added to the original disclosure by the foregoing amendments to the specification.

New Claims

By this Amendment, Applicant has canceled claims 1-3 and has added new claims 4-6 to this application. It is believed that the new claims specifically set forth each element of Applicant's invention in full compliance with 35 U.S.C. § 112.

Since claims 1-3 have been indicated as being allowable if rewritten or amended to overcome the outstanding rejection(s) under 35 U.S.C. § 112, no detailed discussion of the cited prior art references is believed to be necessary.

Application No. 10/630,790
